### THE DISTRIBUTION

Please note that we commune only those who are communicant members of the Lutheran Church - Missouri Synod. Although we long to share this precious gift with you, we also recognize that where one receives the Sacrament outwardly, this also identifies that person's confession of faith. If you desire to learn more about our beliefs, please speak to Pastor.

### New Photo Directory Decision

At the last Voter's Meeting, it was decided that the congregation should vote as to which kind of Photo Directory to pursue, or whether to attempt to make a new one or not. For that reason, this insert will appear for two weeks in the bulletin (August 16 and 23), and then be voted on by the congregation following the Divine Service on August 30. The two options are presented on the two sides of this insert. Whatever the decision is, Pastor Josh is willing to assist with the creation of a photo directory, but will not lead the process.

#### Option 1: LifeTouch

The focus of Lifetouch Church Directories and Portraits is to serve the ministry needs of the faith community by forming a partnership with the church. Their goal is to help create a family album that showcases the church's story, connects members, and provide ministries.

Lifetouch takes pride in capturing beautiful portrait images and providing products that families will treasure for years to come. The directory book is constructed as a laminated soft cover saddle stitch, bound book, and composed of activity, family, and roster pages. The program includes:

Complimentary printed directories for each participating family  
Complimentary 8x10 professional printed portrait for every family photographed

One complimentary image CD of members' images for use with internal communications and record keeping systems

These services are offered at no expense to the church. Families may purchase extra portraits if they desire.

Volunteers will be needed to help coordinate design of the book (electronically created, no special design skills needed) and also for sign up, photo, and pick-up days. Books are delivered three (3) weeks after the final design is turned in.

#### Option 2: Prestoyearbooks.com

Presto Yearbooks is an online website designed with a "unique process that converts your online photo galleries into beautiful, perfect bound, full-color books." "In general, for softcover books the base price for creation, set up and binding is \$4.99, then each page costs \$.25. For example, a 20 page photo book will cost \$9.99 and a huge 100 page photo book will only cost \$29.99!" "What do the pages look like? The interior paper has a satin feel (you can select photo silk if you prefer).

Print quality is outstanding! Colors in your printed book will look different than images on your screen because there is a difference between ink colors and screen colors. What do the covers look like?

The covers are beautiful. They are full color, laminated on heavy coverstock paper, and the binding is "perfect bound." Our photo books look just like a soft-bound coffee table book you would find at your local book store. What size should I make my photos? The minimum recommended size for Photo Books is 2 megapixels (1600x1200).

However, the larger the image, the more crisp the photo book pages will appear. A 4 or 5 megapixel image will create a beautiful, full page print for all photo book sizes. Going to even higher resolutions has a small noticeable increase in quality." "As users of our own software, we value security just as much as you do. We know some pictures you want to show to the world, while others need to be kept just for those you love. Presto Yearbooks lets you choose which materials you would like to share, and which you would like to be kept hidden."
